Preliminary Amendment

Dear Sir:

This Preliminary Amendment is filed concurrently with the filing of a request for a continuing prosecution application under 37 C.F.R. 1.53(d) in the above-captioned matter. Examination of the application as amended is respectfully requested.

I hereby certify that this correspondence is being deposited with the United States Postal Service as "Express Mail" Mailing Label Number EE789478575US in an envelope addressed to: Assistant Commissioner for Patents, Box CPA, Washington, D.C. 20231 on this 19th day of January, 1999.

Picker International, Inc. check no. 81773237 in the amount of \$²²⁴ 224.00 to cover 33 total claims and 8 independent claims was sent with the Request for Reconsideration mailed December 16, 1998. The claims added therein were not entered, and the check was not returned. It is requested that the previous payment be credited to deposit account 16-1680.

Conclusion

The indication that claims 3, 24, 27, and 30 are directed to patentable subject matter is appreciated. As suggested by the Examiner, these claims have been placed in independent form. It is believed that these claims are now in condition for allowance.

As more fully set forth above, it is believed that claims 1, 2, 4-16, 17, 19-23, 25, 26, 28, 29, 31, and 33-35 distinguish patentably and unobviously over the prior art of record. An indication of allowability directed to these claims is earnestly solicited.

Respectfully submitted,

John J. Fry
